October 1, 2021

Dear Parents/Guardians,

As you are aware, we had a watermain break early this morning, resulting in no water at the school. The City of Toronto and TDSB Facility Services staff were immediately notified to assist with repairs and clean up. Crews arrived quickly to undertake the required repairs, which are ongoing and will be completed over the weekend.

As a result of no water at the school, we switched to remote learning for the day while crews repair the pipe. Students will return to school on Monday, October 4, 2021.

I would like to thank TDSB Facilities staff once again for their prompt response and our staff and students for their patience.

If there are any changes over the weekend, we will advise you as soon as we can. If you have any questions, please don't hesitate to contact the school.

Sincerely,

F. Khan,
Principal
